Holland Amateur Radio

When All Else Fails ~ Amateur Radio Works

The goals of the club include (from FCC part 97):

- a. Recognition and enhancement of the value of the amateur service to the public as a voluntary noncommercial communication service, particularly with respect to providing emergency communications.
- b. Continuation and extension of the amateur's unique ability to enhance international goodwill.
- c. Continuation and extension of the amateur's proven ability to contribute to the advancement of the radio art.
- d. Encouragement and improvement of the amateur radio service through rules which provide for advancing skills in both the communication and technical phases of the art.
- e. Expansion of the existing reservoir within the Amateur Radio Service of trained operators, technicians, and electronic experts.

Membership

Please consider supporting HARC by becoming a member. Membership is a low \$25 per year. It's as easy as 1-2-3.

1. Print out our Membership Form
2. Fill it in...
3. Send the completed form with a check to our address on the application.

Friendship and Fun

Education

“Ham in a Day” This is an opportunity for anyone wishing to get their amateur radio technician license to study and take the exam all in one afternoon. Directed study starts at 1:00 and continues till 6:00, when the test will be given. For registration and more information, go to: <http://tinyurl.com/holo-hiad-ve> Also, anyone holding current technician and general licenses may arrive at 6:00 and take the tests to upgrade. Please note that the Lowell ARC holds the Ham in a Day study session three times a year in cooperation with the Holland club. There is a Ham in a Day study session every two months.

E.A.T (education and training) are held on the fourth Monday of the month at 7 pm at the Victory Point Ministries Youth Building. The club has bought a series of instructional electronics videos which are around 30 minutes long. Right now, we are viewing one of these videos, and then Jeff, KD8THX is showing us more advanced technology.
